Dear Sir,

## Petition Against Rivers State Government On Genocide And Human Right Abuse On Our People

We the council of chiefs and elders, C.D.C, Youths and the entire members of Bua Okwale, Luebe, Lorre, Bua Lueku communities, all in Nyo-khana district in Khana Local Government Area of Rivers State hereby write this petition against Rivers State Government for forcefully surveying our farm land without the knowledge of our people.

We therefore, write against the action of Rivers State Government towards our people for planning a state of anarchy in peaceful communities and waging economic war on us, by sending soldiers to destroy our economic trees and crops in the name of surveying our farm land that has not been formally negotiated or requested for.

Already donated to government by Nyo-khana communities include School Land, Bori donated by Kor community, School to Land, Kpaa, 300 hectares of Land to Risonpalm by Okwale, all with no compensation or O.U.

Our prayers:

We want the immediate withdrawal of the military and survey men from our farm land.

An unreserved apology for unlawful arrest of Okwale paramount ruler by the J.T.F, Khana LG and R/S Government.

Payment of 5 Billion Naira compensation for the destruction of our economic trees and crops, all by the Rivers State Government.

Thanks for coming to our aid
